Good Morning Danie,

The reason for the email is to ask for your help once again. The Department of Water and Power has a property that they purchased at 6236 S. St Andrews Pl Los Angeles. The area is congested of homeless encampments and activities. The front door of the property is being blocked by trash and 2 homeless encampment that look like small homes. Which prevents our department personal to enter the property freely.

The department is conducting construction up and down the street. DWP has experience copper, equipment, tools, and labor materials theft in the thousands of dollars. It's important to minimize the growing homeless encampment's around the area. As you can see in the picture they are very comfortable, they are building homes on the sidewalk and on the street.

I really hope that you can help, much appreciated, & thanks in advance.
